Profile

Motivated and detail-oriented Computer Science student with strong knowledge in Python, SQL, and DSA, C, C++ Programming. Seeking opportunities to apply my programming skills and problem-solving abilities in a challenging software development role to contribute to organizational growth and enhance my technical expertise.

Education

B.E in Computer Science 2023 – 2027

Saveetha Institute of Medical and Technical Sciences

- CGPA: 9.4 /10
- Coursework: Data Structures and Algorithms, Python, Database Management Systems (SQL), C Programming, Operating Systems, Computer Networks, Software Engineering

Intermediate 2021 – 2023

Sri Sarawathi Jr College

- Percentage: 85.9%

Skills

Programming

Languages

Python, DSA, C, C++,
SQL, Pandas,
numpy, scikit-learn,

Tools

React.js, Next.js,
Express js, Tailwind
CSS, TensorFlow,
REST APIs, Git &
Github, typescript,
angular, nodejs

Web Technologies

HTML, CSS,
JavaScript, Backend, Web
Development, Machine
Learning Models, Data
Science, Statistics

Projects

AI-Powered Mock Interview Platform (AI Interviewer)

11/2025 – 01/2026

Developed a web-based AI-powered mock interview platform that simulates real-world technical and HR interviews. The system analyzes user resumes and job descriptions to generate role-specific interview questions and evaluates candidate responses based on relevance, clarity, depth, and time management and to help candidates improve their interview skills.

PERSONAL VOICE ASSISTANT (Mini Project)

08/2025 – 08/2025

- Developed 'CUTIE' – a Python-based personal voice assistant capable of real-time voice recognition, speech synthesis, web/app automation, and intelligent task execution.
- Tech Stack: Python, SpeechRecognition, pyttsx3, web browser, datetime

TURINGPASS - CAPTCHA Solver Detection System

07/2025 – 08/2025

- A Built a Flask-based system to detect human vs bot CAPTCHA solvers using behavioral biometrics and LSTM Autoencoder.
- Technologies Used: Python, Flask, Tailwind CSS, TensorFlow.

Certifications

- Oracle JAVASE 11 Developer and Database SQL certificate •

Infosys Introduction to Artificial Intelligence certificate

- Google Cloud Introduction to Generative AI Studio certificate •

Data Science by Cisco Networking Academy

Internships

Software Engineer Intern	08/2025 – 10/2025
• Worked on coding, debugging, and feature implementation. • Collaborated with the team to build scalable web applications. • Gained hands-on experience in frontend, backend, testing, and deployment.	Bengaluru

Artificial Intelligence Intern	08/2025 – 10/2025
• Assisted in designing and implementing AI and machine learning models to solve real-world problems. • Performed data collection, data cleaning, preprocessing, and feature engineering to improve model performance. • Supported model training, validation, deployment, and performance evaluation. • Collaborated with cross-functional teams to enhance and optimize AI- driven solutions.	Hyderabad
